## **TRADITIONAL HAMMAM**

Hammam by ANAis is a real break of relaxation inspired by Oriental traditions. This treatment immerses you in an atmosphere of humid heat, where the beneficial steam of the hammam opens the pores, allowing a deep purification of the skin. During this stopover, you benefit from a mild scrub with black soap, rich in exfoliating and moisturizing properties, which eliminates dead cells and softens the skin. Then, a wrap of rassoul, a natural clay, nourishes the skin while removing toxins and leaving it incredibly soft and radiant.

Hammam by ANAis offers not only a beauty treatment, but also a real moment of relaxation, where the mind is free from tensions and finds calm and serenity. When you come out, your skin is perfectly smoothed, purified and hydrated, giving you a feeling of absolute well-being.

An ideal treatment to rejuvenate and regain balance
